EXPERIENCE

Full Stack Developer

Woldia Highschool

- 📅 2023 📍 Woldia, Ethiopia
- Developed a user-friendly attendance web application, ensuring a seamless user experience
 - Utilized HTML, CSS, and JavaScript frameworks (e.g., Next.js) for dynamic content display
 - Created intuitive navigation and streamlined menu browsing for a seamless user experience
 - Implemented robust image handling for registration processes and integrated CRUD operations with effective error handling

Full Stack Developer

Addis Ababa University

- 📅 2023 📍 Addis Ababa, Ethiopia
- Developed a full-stack food ordering and delivery website using React.js for the front end and Express.js for the server side
 - Utilized MongoDB relations for efficient data storage, optimizing database performance and image storage to enhance website speed
 - Collaborated with team members, implementing version control with GitHub for streamlined project management

Full Stack Developer

Dina Detergent

- 📅 2024 📍 Woldia, Ethiopia
- Developed an expense tracker app using the MERN stack to streamline financial management for Dina Detergent Shop
 - Utilized React libraries, including React Chart, for efficient data visualization and graph generation
 - Implemented data structures and algorithms (DSA) to manipulate recorded data, ensuring accurate display and analysis

EDUCATION

Bachelor of Science in Computer Engineering

Addis Ababa Universty

- 📅 01/2021 - Present 📍 Adiss Ababa
- Bachelor of Science in Computer
 - Engineering
 - Addis Ababa University

SUMMARY

Web Developer Experienced developer focused on full stack development. Delivers robust, scalable web applications by leveraging expertise in both front - end and back-end technologies. Resolves complex technical challenges through innovative problem-solving and collaboration.
